REPORT ON DEEKSHARAMBHAM INDUCTION PROGRAM ACADEMIC YEAR 2022-2023

The academic journey for the 2022-2025 batch of Rajagiri College of Management and Applied Sciences in Kakkanad commenced with a significant event known as "Deeksharambham" on September 14, 2022. This event marked the official start of the new academic year, bringing together the fresh faces of the first-year students who were about to embark on an exciting educational adventure. The college meticulously planned a comprehensive three-day induction program tailored specifically for these new students. The primary goal of the induction was not only to welcome the students into the academic fold but also to impart essential knowledge and values that would help them navigate various aspects of life. This holistic approach aimed to equip the students with the necessary skills and understanding to excel both in their academic pursuits and in their personal growth.

The three-day induction program was thoughtfully organized into various interactive sessions, each one designed to engage the students actively and stimulate their intellectual curiosity. These sessions were hosted by a lineup of eminent speakers, each an expert in their respective fields, who shared their insights, experiences, and wisdom with the eager new batch. The program was carefully structured to provide a well-rounded introduction to the college's culture, academic expectations, and the broader life skills that would be essential in the years to come. By the end of the program, the students had not only gained valuable knowledge but had also started forming connections with their peers and mentors, laying a strong foundation for their journey through Rajagiri College of Management and Applied Sciences.
