Stakeholders Feedback on Curriculum

Academic Year 2019-2020

Feedback from Students, Teachers, Alumni and Employers

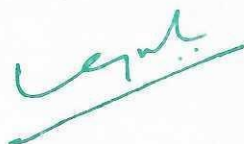

Rajagiri College of Management and Applied Sciences, Kakkanad, has a comprehensive feedback system to collect input from various stakeholders including students, teachers, alumni, and employers. This feedback is used to identify the strengths and weaknesses of the institution, leading to the development of targeted action plans for improvement.

Feedback Mechanism

Feedback on curriculum is collected from various stakeholders of the institution including students, alumni, teachers, and employers at the end of each academic year as part of the quality initiative Internal Quality Assurance Cell (IQAC). A Feedback Committee is established to draft the questionnaires with relevant questions rated on a 5-point scale covering curriculum, academic performance, and overall satisfaction of the stakeholders. The questionnaire is reviewed and updated annually as needed, then finalized and approved by the IQAC. Data collection from stakeholders is conducted using Google Forms.

Feedback Committee members:

1. Rev. Fr. A. J. Saviance CMI, Principal
2. Mr. Joby Jacob, IQAC Coordinator
3. Mr. Renju A C, Department of Animation and Graphic Design
4. Ms. Amala Manavalan, Department of English
5. Ms. Mary Antony, Department of Commerce

9.	Self-study and research promotion	39.94	40.98	15.04	3.04	1.98

Overall Students' Feedback

Legal

The overall feedback from students across various departments at Rajagiri College of Management and Applied Sciences during the academic year 2019-2020 reflects a generally positive sentiment towards the curriculum. Most of the students strongly agree or agree that the syllabus content meets its stated objectives and enhances their knowledge and skills in their respective domains. Additionally, there is significant approval for the syllabus's role in developing critical thinking and promoting employability. While the feedback indicates some areas for improvement, particularly in textbooks and reference materials, the curriculum is overall seen as effectively oriented towards higher education and real-life application of knowledge.

Overall Teachers' feedback

The overall feedback from teachers across various departments at Rajagiri College of Management and Applied Sciences for the academic year 2019-2020 presents a largely positive view of the curriculum. Faculty members generally agree that the curriculum is contemporary, need-based, and provides ample opportunities for employability and applied learning. Timely updates and opportunities for research are also well-regarded. However, there are areas for improvement, such as enhancing the interest generated by the syllabus and ensuring adequate ICT tools and library resources. Overall, the feedback suggests a strong alignment of the curriculum with current educational needs and professional development goals.

Legend

ALUMNI FEEDBACK ON CURRICULUM

Mode of feedback Collection : Online through Google forms

Target Group : Alumni of RCMAS

Number of responses received : 212

The college collects feedback on the curriculum, academic performance and ambience from its alumni community. There were 10 statements measured on a 5 point measurement scale ranging from strongly agree to strongly disagree. The following table shows the analysis of feedback from alumni.

Sl.No.	Question	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree

	students in advanced learning?					
--	--------------------------------	--	--	--	--	--

The alumni feedback from Rajagiri College of Management and Applied Sciences for the academic year 2019-2020 reveals a broadly positive evaluation of the curriculum across various departments. Alumni recognize that the curriculum effectively enhances employability, meets global demands and provides practical knowledge and applications. The updates to the curriculum and the opportunities for hands-on experience through internships and industry interactions are particularly appreciated. While there is commendation for the curriculum's focus on contemporary issues and its encouragement of critical thinking, some areas are noted for potential enhancement. In short, the feedback underscores a positive perception of the curriculum's alignment with job market needs and its role in equipping students for advanced studies and professional success.

Employers' feedback

The feedback from employers for the academic year 2023-2024 highlights a generally favorable view of the curriculum across departments. Employers appreciate the curriculum's ability to prepare students for higher studies and employment, as well as its alignment with industry needs. They recognize its role in fostering multi-disciplinary engagement, recent developments awareness, and decision-making skills. While there is positive feedback regarding the balance between theory and practical application, the enhancement of soft skills, and the adaptation to the evolving job market, there is room for further improvement, particularly in areas like strategy-making and industry-specific technical skills. Overall, the curriculum is seen as effective in preparing students for the professional world and contributing positively to the workplace.

The feedback from the teachers on the curriculum reveals a positive outlook overall. Most teachers strongly agree or agree that the curriculum is contemporary, need-based, and offers ample opportunities for employability, entrepreneurship, and professional development. They also find that the curriculum provides applied learning opportunities, timely updates for recent advancements, and chances for conducting research and project-related activities. The presence of clearly specified Program Outcomes (PO), Program Specific Outcomes (PSO), and Course Outcomes (CO) in the syllabi is appreciated, along with the curriculum's effectiveness in fostering innovative thinking. Teachers note the availability of sufficient prescribed books and reference materials in the library, increased knowledge and perspective through the syllabus, and the ready accessibility of ICT tools for teaching needs. Overall, the syllabus is seen as engaging and generating student interest in the subject area.

Alumni Feedback on Curriculum (2019-2020)

The feedback from alumni of the Computer Science department for the academic year 2019-2020 indicates a strong overall satisfaction with the curriculum. Most alumni agree that the curriculum enhances employability, caters to global needs, and effectively imparts both knowledge and practical skills. Additionally, they appreciate that it integrates contemporary issues, is regularly updated, and meets job market demands. There is also positive feedback regarding the role of internships and industry interfaces in providing additional learning experiences. The curriculum is seen as challenging in both critical thinking and advanced learning, while a minimal number of alumni expressed any disagreement with these aspects.

TEACHERS FEEDBACK

Legend

The feedback table and stacked bar diagram depict the responses from seven teachers of the Department of Management regarding various aspects of the curriculum for the academic year 2019-2020. Across most questions, the majority of responses fall into the "Strongly Agree", "Agree" and "disagree" categories, indicating overall satisfaction with the curriculum. Teachers appreciate the contemporary and need-based nature of the curriculum, its provision of opportunities for employability and applied learning, and its effectiveness in developing innovative thinking. There are some neutral responses, particularly regarding the availability of prescribed books and reference materials in the library and the overall interest generated among students by the syllabus. However, there are no responses in the "Strongly Disagree" categories, suggesting a generally positive consensus among faculty members. This feedback highlights areas where the curriculum is perceived positively and provides insights for potential areas of improvement to further enhance the educational experience and outcomes for students and faculty alike

EMPLOYERS FEEDBACK

The feedback from employers of the Department of Management for the academic year 2019-2020 highlights several positive aspects of the curriculum. Employers generally agree that the curriculum provides a good foundation for students' progression to higher studies and employment opportunities, as well as meets the needs of the industry effectively. The curriculum is perceived to support multi-disciplinary tasks and keep students aware of recent developments in the field. It is also noted for its regular updates to meet industry standards and its balance between theoretical knowledge and practical application. Employers appreciate the curriculum's emphasis on refining decision-making, strategy-making, and industry-specific technical skills, which are crucial for students entering the workforce. Additionally, the curriculum is recognized for fostering teamwork, critical thinking, problem-solving abilities, adaptability to the job market, and enhancing soft skills among students. Overall, the feedback underscores the Department of Management's efforts in delivering a curriculum that prepares students comprehensively for professional success in diverse fields within the industry.
