On September 12, 2023, from 11:40 AM to 1:40 PM, Mr. Jayashankar S, a Solution Analyst at Garvagh Insurance Services, LLC, conducted a session for aspiring entrepreneurs. The objective of the programme was to provide participants with insights into the latest technological innovations and teach them how to leverage these advancements for business growth and competitive advantage. The session was organized by the Computer Science Department, under the supervision of Ms. Dona Maria Mani, with the assistance of Aneeta Stephen.

The programme commenced with an introduction by Mr. Jayashankar S, who highlighted the importance of staying updated with technological trends. He covered various topics, including artificial intelligence, machine learning, blockchain, and cloud computing. The presentation included real-world examples and case studies to illustrate how these technologies can be implemented in business strategies. Participants were encouraged to engage in discussions and ask questions, making the session interactive and informative.

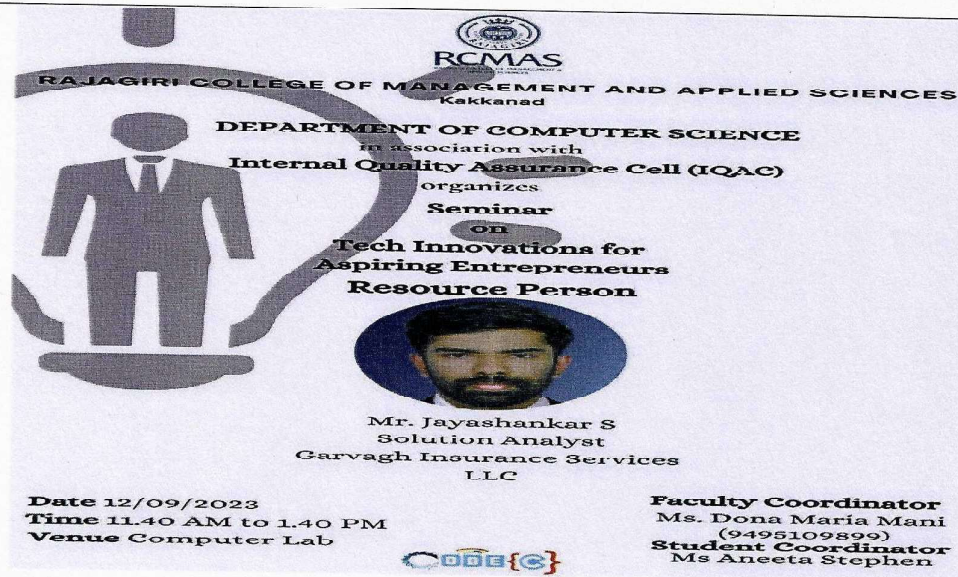

The outcome of the programme was highly positive, with participants gaining valuable knowledge and practical insights. Feedback from attendees indicated that they felt more confident in understanding and applying the discussed technologies to their entrepreneurial endeavors. Many expressed appreciation for the opportunity to learn from an industry expert, noting that the session was both enlightening and motivational. The event successfully achieved its objective of equipping aspiring entrepreneurs with the necessary tools to thrive in a technology-driven business environment.
