Programme	Interdepartmental Debate competition on the topic 'Recognition of Third Gender'
Date	16/11/2023
No. of Participants	13 UG students of the college
Outcome	The symposium aimed to create a more inclusive and supportive environment for transgender individuals and advance the principles of equality and dignity for all.

On November 16, 2023, an interdepartmental debate competition was organized by the Gender Equity Cell of the college on the topic 'Recognition of Third Gender.' The competition provided students with a platform to engage in thoughtful discourse and debate on the legal and social recognition of individuals who identify as neither strictly male nor female. Participants from various departments showcased their research, critical thinking, and oratory skills as they presented arguments for and against the recognition of the third gender. The debate fostered intellectual curiosity and encouraged participants to explore the complexities of gender identity, societal norms, and legal frameworks. Arguments in favor of recognizing the third gender highlighted the importance of acknowledging and respecting diverse gender identities, promoting inclusivity and equality, and ensuring access to rights and services for transgender and non-binary individuals. Conversely, arguments against recognition often focused on traditional gender norms, legal complexities, and cultural attitudes towards gender diversity. The debate competition not only facilitated the exchange of ideas and perspectives but also promoted empathy and understanding among participants. By engaging in respectful dialogue and active

listening, students gained a deeper appreciation for the challenges faced by transgender and non-binary individuals in seeking legal recognition and acceptance. Through the initiative of the Gender Equity Cell, the debate competition served as a catalyst for raising awareness about the rights and visibility of the third gender within the college community. By encouraging students to critically examine societal norms and advocate for social change, the competition demonstrated the college's commitment to promoting diversity, inclusion, and social justice.
