INTRODUCTION

In the academic year 2023-2024, the Internal Quality Assurance Cell (IQAC) has undertaken a transformative journey that marks a significant milestone in our institution's quest for excellence. This year has been pivotal, characterized by groundbreaking improvements and strategic initiatives designed to enhance the quality of education and institutional processes. One of the most momentous decisions taken during this period was our commitment to pursue accreditation from the National Assessment and Accreditation Council (NAAC). This step underscores our dedication to not only meet but exceed national standards of academic and administrative excellence.

As we reflect on the strides made over the past year, this annual report provides a comprehensive overview of the enhancements implemented, the challenges faced and the progress achieved. Through rigorous internal evaluations and a steadfast focus on quality improvement, we have laid a robust foundation for the NAAC accreditation process. This report highlights our achievements, the innovative strategies adopted and the collaborative efforts that have driven our success. We are proud to share these developments and look forward to the continued growth and enhancement of our institution in the years to come.
