DEPARTMENT OF COMMERCE

1. Department Profile

About the Department

The Department of Commerce, established in 2005, has rapidly expanded to become a hub of academic excellence and professional training. Initially focused on undergraduate education, the department has continually upgraded its offerings, introducing Model 2 Computer Application and Model 2 Taxation streams in 2011, Model 1 Finance and Taxation in 2013, and Model 2 Logistics and Model 2 Marketing streams in 2014. The M. Com Finance and Taxation program was added in 2015. With a robust faculty team of 31 members, many with doctoral qualifications and extensive industry experience, the department is equipped with state-of-the-art classrooms. The Department of Commerce aims to enhance research capabilities, innovate its curriculum, and promote holistic development through various co-curricular and extracurricular activities. Maintaining high academic standards with excellent pass rates and placement records, the department also actively participates in community service and outreach programs, nurturing knowledgeable and skilled professionals who contribute significantly to regional and national progress.

1.1 Vision of the Department:

To empower our students with knowledge, skills and ethical grounding to excel in the global economy.

1.2.1 Mission of the Department:

To cultivate socially responsible commerce professionals capable of addressing global challenges sustainably

Evaluation: The evaluation scheme for each course shall contain two parts; (a) End Semester Evaluation (ESE) (External Evaluation) and (b) Continuous Evaluation (CE) (Internal Evaluation). 25% weightage shall be given to internal evaluation and the remaining 75% to external evaluation and the ratio and weightage between internal and external is 1:3. Both End Semester Evaluation (ESE) and Continuous Evaluation (CE) shall be carried out using direct grading system.

Direct Grading: The direct grading for CE (Internal) and ESE (External Evaluation) shall be based on 6 letter grades (A+, A, B, C, D and E) with numerical values of 5, 4,3,2, 1 and 0 respectively.

Grade Point Average (GPA): Internal and External components are separately graded and the combined grade point with weightage 1 for internal and 3 for external shall be applied to calculate the Grade Point Average (GPA) of each course.

Internal evaluation for Regular programme: The internal evaluation shall be based on predetermined transparent system involving periodic written tests, assignments, seminars, records, viva-voce etc.

Components of Internal (CE) and External Evaluation (ESE): Grades shall be given to the evaluation of theory / practical / project / comprehensive viva-voce and all internal evaluations are based on the Direct Grading System.

Proper guidelines shall be prepared by the BOS for evaluating the assignment, seminar, practical, project and comprehensive viva- voce within the framework of the regulation.

There shall be no separate minimum grade point for internal evaluation.

The model of the components and its weightages for Continuous Evaluation (CE) and End Semester Evaluation (ESE) are shown in below
