Report

The minutes of the previous meeting were reviewed and unanimously approved by the members present. The committee decided to provide detailed information and resources related to competitive examinations for SC and ST students. It was agreed to facilitate access to study materials, coaching classes, and other relevant resources to help students prepare effectively for these exams. The meeting emphasized the importance of collecting comprehensive details about available scholarships and circulating this information among SC/ST students. It was also suggested to create guidelines for applying to various scholarships and programs, ensuring students are well-informed and can maximize their opportunities.

The meeting concluded with a commitment to enhance the assistance provided to SC/ST students, particularly in terms of competitive examination preparation and scholarship information dissemination. The next meeting date will be decided and communicated soon.

Action Taken :

1. Implement measures to provide information and resources for competitive examinations to SC/ST students.
2. Collect and circulate detailed scholarship information and application guidelines.
3. Continuously improve the support system for SC/ST students based on ongoing feedback and discussions.
